

UNIVERSITY OF THE EAST

COLLEGE OF ENGINEERING DEPARTMENT OF COMPUTER STUDIES AND SYSTEMS

Date: 3/26/2026

Dear Ma'am,

Good day!

We are second-year Bachelor of Science in Information Technology (BSIT) students from the University of the East – Caloocan, currently enrolled in the subject Integrative Programming and Technologies 1. As part of our academic requirements, we are tasked to design and develop a functional website for a selected business organization.

In line with this, we are writing to respectfully request your approval and permission to design and develop a proposed company website that will feature and represent Chenggay's Kitchenette. This project is strictly for academic purposes and aims to enhance our practical skills in web development, systems design, and information management.

Furthermore, we would like to request access to relevant and approved business information from your organization, such as your company background, mission and vision, services offered, pricing (if applicable), promotions, contact details, and selected official media materials (e.g., logos and publicly available photos).

Rest assured that all materials, files, media, and data that you provide will be used solely for educational purposes and will be handled with the utmost confidentiality and professionalism. No information will be published, distributed, or used for commercial purposes without your explicit consent. We would be very grateful if you could grant our request. Kindly sign the authorization letter and provide us with a duplicate copy as confirmation of your approval.

This opportunity will greatly contribute to our academic growth and help us become competent and responsible future IT professionals. Thank you for your time, and we look forward to your favorable response.

Students:

- Jose, Krystoff
- Espiritu, Ferdinand
- Reboredo, Khurt
- Ruar, Avie
- Sanchez, Neil
